

EAP CERTIFIED

FREE LEAD RENOVATION, REPAIR, AND PAINTING TRAINING

**TUESDAY, MARCH 24TH
9AM - 6PM**

**Health and Human Services Building
One Stop Career Center - Classroom C
80 SH 310, Canton, NY, 13617**

****lunch on your own****

The Lead Renovation, Repair and Painting program is 8 contact hours with classroom and hands-on activities and an examination. Typical trainees are homeowners/property owners/managers, building trades, contractors and their employees, or those who would like to use the certification to obtain work in the construction industry. These training's are difficult to come by without traveling quite a distance to Buffalo, Rochester, Syracuse, Albany, or NYC and are being offered at **no cost** right here in our local community!

REGISTRATION REQUIRED!

**Instructor:
Arthur Wheaton**

Arthur Wheaton is the director of Western NY Labor and Environmental Programs for the Worker Institute at Cornell. His expertise includes industry education and workplace training, high performance work systems, negotiations and conflict resolution, as well as auto and aerospace industrial relations. He manages and teaches in the online labor studies credit certificate program and online labor leadership skills certificate program. Art provides on-site training and education programs for unions and other organizations. In addition, Art teaches Renovation, Remodeling and Painting for the EPA RRP-Initial certificate. He is the author of numerous publications, and has earned a B.A. in multidisciplinary social science with a concentration in political science, history and economics at Michigan State University. He has an M.L.I.R. from the Michigan State School of Labor and Industrial Relations.

This program is sponsored by The Worker Institute at Cornell University
